

Plan for Short Memoir

Name Hattie **Date** Nov. 19

Working Title: Last Child

Working Lead: I am at the youngest out of six children.

Purpose of Memoir: To show that who I am is part of having older brothers and sisters.

The memory and related details: Through my brothers and sisters I learned the limits of my parents. I have seen my siblings succeed and fail and this has helped me. It's memories about them that have taught me life lessons.

One or two main people: give details about each person.

Mainly about me and how my big family. I'll also write about Clint and his car accidents, Porter and her love of poetry, Si who is a state trooper and weird, and Curry and Tess who are tons older than me.

Where you plan to end the memoir and why you chose that point?

After I write about each sibling and then show I am three decades of them.
