

Liza

February 18th

After looking at the stack of multiple different drafts, and planning sheets, from the first sheet to the last I definitely made a ton of progress. It also helped having our friends read over our rough drafts! It was good that we got to ~~read~~ ~~see~~ redo our rough draft after it was graded. I didn't have a lot of mistakes but it was good that we ~~got~~ had the chance to correct ~~my~~ mistakes. I was fairly happy with my first grade, but my second was even better. I know I need help with grammar so it was good that Mrs. Robb pointed them out for me to fix.
