I Need a Cell Phone

I once read a story about a boy who got locked in a library. What if that happened to me? Wouldn't you want your daughter to be able to call for help? I don't want you to have to worry about me! That is why I *need* a cell phone.

I should have a cell phone in case of an emergency. If something happens I would be able to call you or dial 9-1-1. I also need one to keep in touch with you. Also, I am getting older and next year I am going into 6th grade. I am going to be doing a lot of stuff on my own. Wouldn't you want the peace of mind knowing you could reach me whenever you needed to?

I know cell phones are expensive, but I would pay for the phone and half the bill with the money I earn from Gonzos. I wouldn't lose it or over use it because I am responsible. I know you said I was too young, but most kids I know have had cell phones for years.

You've done a great job raising a responsible child. So you wouldn't have any reason to worry about getting a cell phone for me. I think this is something a girl needs in this day and age.
